THE FOUR-WAY TEST

Of the things we think, say or do
Is it the TRUTH?
Is it FAIR to all concerned?

Will it build GOOD WILL AND BETTER FRIENDSHIPS

Rotary Peace and Conflict Prevention Month

Conflict and violence displaced more than 68 million people in the past year, and half of those are children.

We refuse to accept conflict as a way of life. Rotary projects provide training that fosters understanding and provides communities with the skills to resolve conflicts.

Through our service projects, peace fellowships, and scholarships, our members are taking action to address the underlying causes of conflict, including poverty, inequality, ethnic tension, lack of access to education, and unequal distribution of resources.

Rotary makes amazing things happen, like:

Improving quality of life. Rotary members founded the People for People Foundation, which has helped 10,000 families afford food, clothing, rent, utilities, medications, and other necessities.

Raising awareness of bullying. Rotaract clubs in the Philippines conduct antibullying campaigns in schools to teach children how to handle conflict peacefully from an early age.

Protecting domestic violence survivors and their families. The U.S. state of Louisiana has the fourth highest incidence of death caused by domestic violence. Local Rotary members met this issue by helping a shelter provide food, clothing, legal advocacy, and counseling to over 500 women in one year.

Promoting positive peace. Rotary has partnered with the Institute for Economics and Peace, an independent think tank and leader in the study of peace and conflict, to help address the root causes of conflict and create conditions that foster peace.

Halfway Around the World in 36 Days

On 2 June 2019, Lee Harman and Bill Ward set off from the Great Wall of China outside Beijing. Their destination, the Place Vendôme in Paris, lay 9,779 bumpy, muddy, dusty miles away. Their vehicle: a car built before either of them was born. This was Day 1 of the Peking to Paris Motor Challenge, also known as P2P, a classic car rally that re-creates a 1907 race famed as one of the first automobile endurance events.

Harman and Ward's P2P story began at a 2016 Christmas party of Morgan Owners Group Northwest — a club for enthusiasts of classic cars made by England's Morgan Motor Co. After a couple of fellow "Morganeers" discussed their own experience doing P2P, Harman and Ward were captivated. Harman, a longtime member of the Rotary Club of Arlington, Washington, suggested doing the rally to raise money for polio eradication. "I'm a physician, and I've been involved with PolioPlus since I was a brand-new Rotarian," he says.

There was just one problem: "We didn't have a car between us that was appropriate for that kind of exercise," says Ward, a retired U.S. Army field artillery officer who worked for the Washington state government. After much searching, they found a beauty: a 1931 Ford Model A Victoria — which they dubbed "Miss Vicky" — that already had some of the safety upgrades necessary for their epic journey. But there was much more tinkering to come.

When they crossed the finish line in central Paris on 7 July, Harman and Ward had raised an estimated \$50,000 for End Polio Now.
